132 LOTS OVER 170 HEAD

2 HERD BULLS

BAR-RUS MAX X, the 1960 National Polled Congress grand champion bull by Juggler's Emblem and out of Kintyre Count's Undine 10th x. We did right when we bought this \$2,000, good-headed, rugged, heavy-boned, 100% dehorning young sire.

D M BONANZA, the four-year-old son of Easterlovat Bonanza, (top selling bull at the 1956 Gardhouse Sale). Dam, Golden Chain 55th by Sunnyhill Baronet 10th. He has been a terrific sire of thick, deep-bodied calves.

14 STRONG YEARLING BULLS and 7 COMING YEARLINGS

10 sired by Bar Rus Max x, 6 by D M Bonanza and 5 by the \$3,000 Loyal Leader, half-brother to the \$10,000 International grand champion bull Edwin Leader.

21 OPEN HEIFERS

These are daughters of Bar-Rus Max x, D M Bonanza, Loyal Leader and Bar L Adjuster 20th, twelve to eighteen months of age. All Calfhood vaccinated.

26 BRED HEIFERS

Bred to calve in April, May, June and September, October and November. 19 of these are daughters of Bar L Adjuster 20th. They carry the services of Bar Rus Max and D M Bonanza.

62 COWS (over 35 calves by sale date)

Bred to calve in both the spring and the fall and most from 3 to 6 years of age. 16 daughters of Crown's Compliment x, first prize winner at the National Congress and sire of 4 sons that averaged \$750 in the 1959 Superior, Nebraska Sale. The great Polled bull, GOLD GLOSTER x, was first used in this herd where he sired 5 top calf crops. Every cow has been a regular producer and all females will be pregnancy examined.

Clyde W. Miller started this herd in 1912 with one aim in mind ...QUALITY and SIZE. The entire cow herd was weighed a couple of summers ago on pasture and averaged 1325 pounds with individuals up to 1525 pounds. His son-in-law, Walter Osborn, joined him in 1948 and herd expansion in both numbers and quality has progressed rapidly since. A feature of the sale will be the 10 females nearly all that will have calved by sale date to the services of MSU WONDER 5th, the 1960 Topeka and Kansas State Fair grand champion bull, owned jointly with Kansas State College. Inspect this herd at the Osborn farm, one south and one-fourth east of Mahaska before sale date. This herd has supplied many champions and top sellers during the past 50 years including the reserve grand champion bull of the 1961 Kansas State Sale that sold to Laurence Cobb of Fresno, Calif.

For reasons of health the owner is leaving the ranch and the herd is being dispersed in its entirety.

MILLBORN POLLED SHORTHORN

WALTER O. OSBORN

MAHASKA :: KANSAS

Reaching a decision to dispose of a herd of registered cattle that has been growing and improving for 50 years, that you yourself have been a part of for fourteen years is quite an emotionally charged affair. Our lives and the lives of Mr. and Mrs. Miller before us have been very closely tied to this herd of cattle.

It is a very rewarding experience to produce and develop something that is better, to try to come out with the best. The feeling that we may have accomplished something keeps the picture from being all black.

Actually the decision to sell was easy to reach. When it became obvious that we were no longer able to take care of the cattle the decision had been reached for us. The hard part was accepting and learning to live with it.

They are a good, healthy, honest bunch and our sincere wish is that you profit from owning any you might buy.

JUST ONE MORE WORD

Clyde W. Miller who started this herd just 50 years ago was a "real breed builder". He had one aim in mind ... **QUALITY** and **SIZE**. When Walter Osborn an equally capable and talented young cowman joined him in 1948 he proceeded immediately to expand in both numbers and quality. The offering now of the Millborn herd in its entirety represents one of the rare Polled Shorthorn buying opportunities of a lifetime. Plan to be with us on May 5.
